PMA PROMOTES SENIOR TEAM Leadership Continues to Evolve

CHARLOTTE, NC – Patton McDowell & Associates (PMA), founded in 2009, has seen continual success even during trying times. Due to the successful professionals at PMA, who have made this growth possible, PMA President and founder, Patton McDowell has promoted members of the senior team.

The senior team at PMA consists of Patton McDowell, CFRE, President; Josh Jacobson, CFRE, Managing Director; Stephen Belenky, Director; and David Ibsen, Associate Director. With these promotions come additional responsibilities, which are by-products of the new and expanded client engagements.

“When I look at our revenues, our projects, especially in the last six months, we have seen explosive growth in demand from our clients and our team has responded tremendously. Based upon the work to date, we have promoted our senior team and have started the recruiting process to deepen our internal resources,” said Patton McDowell, President.

About Patton McDowell & Associates
